## Experience

DevIT - Junior  
2021 Sep. - 2022 Nov.

Spearheaded a range of web development projects, enhancing my expertise in both front-end and back-end technologies.

Demonstrated adaptability and commitment to professional growth by mastering new programming skills and tools.

Excelled in a dynamic environment, effectively balancing multiple projects with a focus on timely delivery and quality.

HonesIT - Full Stack Developer  
2022 Dec. - Present

I've worked both as an independent developer and as a team lead on selected projects, taking responsibility for technical decisions, breaking down tasks, mentoring developers, and ensuring code quality and timely delivery. My experience includes distributed workers, real-time systems, EDI integrations, document OCR pipelines, AI-driven automation, WebRTC streaming, and complex UI with React. I specialize in solving challenging problems, rapidly understanding domain-specific logic, and turning requirements into reliable, maintainable solutions.
